For women, bags are essential A bag suitable for you can not only improve your mood of happiness, but also improve your overall temperament and confidence This is a backpack made of sheepskin The tough texture of sheepskin determines that the backpack has elasticity while retaining the original character of the bag The shoulder straps are a combination of a chain and a

belt, which is also the special feature of this backpack. The size of the bag is 35*32*20 cm, the appearance charm that reflects the bag fully also ensured the inner capacity of the bag. If you want to know more, please contact us.
